Education

Leiden University — Leiden, NL
MSc. Computer Science: Data Science — *Sep 2025 – Aug 2027*

SRM Institute of Science and Technology — KTR-Chennai, IN
BTech. Computer Science, specialization in Big Data Analytics — *Sep 2020 – Jun 2024*

Experience

Databricks Engineer Intern — Dec 2024 – Apr 2025
Bridgestone — *Pune, IN*

- Migrated several crucial SQL databases to **Databricks SQL**.
- **Optimized** existing SQL databases resulting in **500% - 700% decrease** in runtime.
- Contributed to **analytical tools for data visualization**.
- Collaborated with large international teams on projects vital for multiple departments.

Data Science Intern — Jan 2024 – Mar 2024
PwC — *Pune, IN*

- Performed **data analysis** on client-provided data.
- Created data visualizations and shared insights with cross-functional teams.

Projects

Natural Mapping and Adaptation in Video Games (Collaborative) — Sep 2025 – Dec 2025

- Contributed to background research, creating experimental setup and procedure.
- Oversaw experimental trials and conducted several experiments with participants.
- Created a pipeline to preprocess the data, extract valuable information and prepare it for analysis.

RoboCat (Collaborative) — Mar 2026 – Jun 2026

- Implemented the speech detection and audio modules.
- Designed and built the robot structure and exterior.
- Worked closely at the hardware and software level including operating system troubleshooting.

Extracurricular Activities

Convener — Jul 2023 – Aug 2024
SRM Cube Club — *KTR-Chennai, IN*

- **Headed the club**, managed recruitment drive, and other promotional activities.
- Responsible for **organizing multiple events**, competitions, builds and coordinating with other club conveners.
- **Oversaw budgeting** and presented ideas to the university along with **showcasing to the NAAC committee**, receiving praise from the officials and Dean.
- Recognized for my efforts and **received accolades** from the university.

Technical Skills

Languages: English (Native proficiency), Nederlands (Limited working proficiency)
Skills: Apache Databricks, VS Code, Tableau, ROS2
Libraries: pandas, NumPy, Matplotlib, TensorFlow, PyTorch
